COUGH INSURANCE

REXALL CHERRY JUICE is the most economical insurance against coughs you can get. One large bottle will insure a whole family against coughs, colds and grippe for a whole year. Cheap insurance isn't it. The best dose—just one teaspoonful—relieve your cough—four doses—will stop your cough and a twenty-cent bottle will break up the worst cold you ever had and we guarantee it like all the Rexall Remedies in that if you are not perfectly satisfied all you have to do is return the bottle and get your money.

REXALL CHERRY JUICE COUGH SYRUP is pleasant to take, tart and tasty and children like it.

Per bottle, 25c, 50c, \$1.00.

Gwin & Marx Drug Co.

"Our Favorite Remedy for the White"

THREE DEGREES BELOW ZERO

The coldest weather of the present winter was experienced last night, W. S. Creveling's government thermometer registering three degrees below zero, which was two degrees below the record for Saturday night. The ground was already frozen to the depth of several inches, and in many places cracked open as a result of the extreme cold of last night. However, shortly after sundown the clouds broke away and it has been perfectly clear since then. The worst has probably passed, however, and the temperature will likely moderate considerably within the next few days.

Buy Oklahoma grown trees, plants and shrubs of T. A. Milstead your home nurseryman and landscape gardener. Phone 479. 237-3t*

Did You Know It?

Section 2759 of the compiled laws of the State of Oklahoma, 1909, p. 659 reads as follows: "Any person or persons who wilfully throws, drops, or places, or causes to be thrown, dropped or placed, upon any road, highway, street, or public place, any glass nails, pieces of metal, or other substance which might wound, disable, or injure animals, is guilty of a misdemeanor, punishable by a fine of not more than \$500 or by imprisonment in the county jail not exceeding one year or both such fine and imprisonment."

PRES. TAFT WILL APPOINT HOOK

Washington, D. C., Jan. 12.—Before this week is out President Taft will have sent to the senate the nomination of Judge William C. Hook, circuit judge of the eighth circuit, as associate justice of the United States supreme court to succeed the late Justice Harlan.

That is practically settled in the president's mind, although he is deferring the actual nomination until the arrival of Attorney General Wickensham.

Closely following this announcement comes the statement today by Senator Owen of Oklahoma that if President Taft sends in the nomination of Judge Hook he will fight confirmation indefinitely. Senator Owen also said that he would introduce a resolution calling upon the president for copies of all the indorsements of Judge Hook.

The president has become more favorable to Judge Hook since protests against that jurist began to arrive from several state railroad commissions, based upon a decision the judge rendered as to the two-cent railroad fare of Oklahoma. Judge Hook decided that this Oklahoma law was confiscatory. The president has read the decision of Judge Hook and feels that even if the Kansas jurist did make a mistake in the case, he is human, like others. Judge Hook's record, the president believes to be a splendid one, his decisions in trust cases having been in line with the decisions of the supreme court and the president's interpretation of the law applying to these cases.

Former Ada Boy a Candidate.

The many Ada friends of Louis G. Raney will be interested to learn that he is making good at Childress, Tex., and will probably be the next county clerk. In announcing his candidacy the Childress Index says of him:

"Mr. Raney is probably acquainted with nearly every man in the county, especially so if that man has had any business at the court house. He has been deputy county clerk, under Mr. Freeman, for the past five years. He has been deputy county clerk, under Mr. Freeman, and it is doubtful if there is a man in the county who is as well acquainted with the affairs of the county as Mr. Raney. He has particular charge of the county clerk's business, and is fully aware of everything that has been going on in the office in that department. Mr. Raney is courteous and affable in his treatment of those people who have business with the clerk and when anyone asks him a question he will receive a pleasant and truthful answer. It is not likely that Mr. Raney will have opposition, and if elected, as he will be, the office will be in the hands of a man who knows how to run the office for the benefit of the people."

CARTER LAND BILL PASSES

PROVIDES FOR SALE OF SURFACE SEGREGATED LANDS.

Washington, D. C., Jan. 11.—Led by Representative Carter of Oklahoma the force in congress favoring the sale of the surface of the Choctaw and Chickasaw segregated coal and asphalt lands valued at between five million and ten million dollars won a signal victory this afternoon when the house passed Mr. Carter's bill providing for the sale of the surface alone. The balloting in favor of the measure was overwhelming, not a vote being cast against it.

Representative Campbell of Kansas, a member of the Indian affairs committee, a known enemy of the measure, spoke bitterly against it; he termed it one that was opposed by the Indians because it would work injustice to them and act solely in the interest of the white people. Notwithstanding this the house placed its stamp of approval on the measure. Representative Carter having previously done much active work among the members of the house.

Representative Mann, leader of the republican minority, some time ago expressed his disapproval of the bill owing to protests made by John Locke chief of the Choctaws and Pat Hurley their attorney, on the ground that the bill was antagonistic to the Indians' interests and opposed by the two tribes.

Representative Carter explained to Mr. Mann that on the contrary the greater majority of the Indians affected, the tribes were favorably inclined toward the sale of the surface and that the opposition was due much to the desire of the Indian officials to perpetuate their jobs. Furthermore, he pointed out that these Indian officials were not in reality real representatives of the people but of the interior department. Consequently when the vote came today the word was passed among the republicans of the house to bestow their approval on the bill. Representative Campbell left the chamber after the bill had been debated for three hours and up until 6 o'clock, consequently his vote does not appear against it. Representative Carter, previous to Mr. Campbell's attack, explained the merits of the measure and told why, in the interests of the Indians themselves and the state at large the sale of the Choctaw and Chickasaw lands was deemed advisable.

Since the house passed the Carter bill so unanimously, Senator Owen will substitute the measure for his own bill looking to the same end and now pending in the senate Indians' affairs committee. There is every reason to expect that it will also pass by a large majority. Senator LaFollette who has steadfastly opposed the sale of both surface and mineral rights will lend his support to the Carter bill as the mineral rights are undisturbed by the measure while at the same time it will make possible the development of great tracts now useless.

OFFERS PRIZE FOR POULTRY EXHIBIT

The News has often commended the youthful agriculturists of Pontotoc county in their efforts to raise fine corn and cotton, and now while they are about it, they might also raise a few fine chickens, and next fall hold an exhibition of their products some day when the general public can have a chance to see just what they are accomplishing. To encourage young people of Pontotoc county to try their hands at raising poultry, John Thrasher, of Ada, one of the most successful chicken raisers of this part of the state, offers as a prize to the boy or girl who exhibits the best pen of pure bred chickens (four pullets and a cockerel) a pair of his fine Rhode Island Reds. Mr. Thrasher places no restrictions on the breed of fowls raised and exhibited. If any of the young people of the county are interested in this matter, the News would be pleased to hear from them.

C. W. Smith Dead.

C. W. Smith, the old man who was ill for so long at the home of G. H. Angelly, died Wednesday and his body is still being held at L. T. Walters undertaking establishment while a search is made for any relatives of the old man. It is not known that he has any connection in this country, but an effort will be made to locate them if there are any. The old man is said to have told a strange tale of having spent considerable time in Spain, and of being sent to this country by the queen of that nation to search for some hidden Spanish treasure. He claimed to have located it sometime ago, but would not divulge its whereabouts. He also claimed to be a 33d degree Mason but said his membership was in Spain. Probably it will never be known how much foundation there was to the story of the man.

Address All Letters to the News Publishing and Printing Company

Any erroneous reflection on the character, standing or reputation of any person, firm or corporation which may appear in the columns of The News will be gladly corrected upon its being brought to the attention of the management.

Obituaries and Resolutions of Respect of less than 100 words will be published free. For all matter in excess of 100 words a charge of one cent per word will be made. Count your words and remit with manuscript.

No law or ordinance should apply to the man who knocks down the cheerful idiot who on a day like the last two or three have been asked, "Is it cold enough for you?"

The man who originated the old proverb "all the world loves a lover," should have excepted the old folks, for it cannot be denied that they often make themselves a very unwelcome part of the cooling lovers' universe.

The Texas legislature failed to redistrict the state at its last session, and like Oklahoma, will have to elect three congressmen at large. Also, like Oklahoma, candidates for the three places are springing up like mushrooms. A man must have a fat roll to canvass a state the size of Texas.

OFFICE:—REAR FIRST NATIONAL BANK BUILDING

MRS. NORTON DIES OF PNEUMONIA

This afternoon at 1 o'clock Mrs. Norton, mother of Mrs. W. T. George, died of pneumonia. The remains will be taken to San Angelo, Tex., the former home of deceased, for interment.

Mrs. Norton lived for many years at San Angelo, where she enjoyed the esteem of the entire city. A few months ago she came to Ada with Mr. George and her daughter, and has made this her home since that time.

The News extends sympathy to the family in their hour of sorrow.

HARMON NEVER HOPED FOR BRYAN'S DEFEAT

Columbus, O., Jan. 12.—Governor Harmon today denied printed statements that during Mr. Bryan's last campaign a young daughter of Governor Harmon wrote to a girl friend in Texas that "Papa hoped for Mr. Bryan's defeat because it would make his own presidential prospects brighter."

The governor said: "My three daughters, each married, and left home long before the 1908 campaign. Not one of them ever had a girl friend in Texas. I have two grand daughters, but one of them was 10 months and the other 6 years in 1908."

"Neither in the family circle nor elsewhere did I ever make the statement mentioned, nor one of like import."

"This story would make me both a liar and a hypocrite and with all my faults, I have never been either."

Aiken Files An Amended Bill

Oklahoma City, Jan. 12.—An amended bill, changing the form of an initiative measure which was filed some time ago, was filed at the office of Secretary of State B. F. Harrison Thursday by Oliver H. Aiken of Moore.

The first bill provided for the elimination of fourteen state schools, including the Ada, Alva, Weatherford and Tahlaquah normal schools; the university preparatory schools at Tonkawa and Claremore, the six district agricultural schools at Tishomingo, Helena, Broken Arrow, Warner, Goodwell and Lawton; the Girl's Industrial school at Chickasha and the school of mines at Wilburton.

The amended bill does not alter the provisions of the former measure in relation to any of the schools, but simply makes some minor changes. The filing of the new bill and the consequent withdrawal of the old, will necessitate the circulation of the new petitions, all of the names hitherto secured being void.

Card of Thanks.

We take this method of extending our sincere thanks and appreciations to our many kind friends, who so quickly responded and tendered their assistance to us in our hours of trouble yesterday, and the many sympathizing words that were expressed by all. And to the fire boys I wish to say that under the existing circumstances frozen streets and the thermometer standing 7 above, their work on the burning building would have won the blue ribbon in any prize contest. While building and contents were partially covered by insurance, neither Mr. Henderson or myself wanted to sell out to the company, but for the quick and effective work done by the boys it would have been a force sale. I thank you sincerely and hope you will be as successful in extinguishing every fire you are called to fight.

Yours respectfully,

C. K. HARRISON and Family.

New North Side Mission.

After some delay a place has been secured in North Ada at corner of Fifth street and Ash avenue one block west of North school building and the first service will be held next Sunday afternoon at 3 o'clock. The service at that hour will be a Bible school with preaching by Leroy M. Anderson, pastor First Christian church. For a while it will be a mission of this church.

The building is a residence building but will be shaped up soon for a commodious place to worship and work, giving it an auditorium of fair size with two other good rooms for class work.

Besides the Sunday services which will be held regularly there will be a Thursday night service of Bible study. The growth of Ada and the church has made this necessary.

No Prayer Meeting This Evening.

On account of the cold weather this evening's service of the week of prayer will not be held. However, a service will be held tomorrow evening at the Presbyterian church, Prof. C. W. Briles being the principal speaker of the occasion.

SUBTERFUGE OF THE AKIN GANG.

The supporters of the Akin bill have resorted to gross deception in some of the literature being sent out by their "committee." Quotations from one of their circulars published in a recent issue of the Oklahoman makes the cost of higher education in normal schools in Oklahoma appear higher than in other states. The trick is quite a clumsy one and will not deceive many people. The total annual enrollment in other states is taken and used in comparison with the number of students in actual attendance in normal schools of Oklahoma on Dec. 1, 1911. Now as is well known there is only a portion of the annual enrollment included in the figures given for this state as many teachers enter from the expiration of their schools this spring up to the opening of the summer schools enter the normal schools, thereby greatly increasing the enrollment so that there will be by the year's end nearly twice as many students enrolled in normal schools in this state (the same is true elsewhere) as are actually attending now. Thus the enrollment of other states is compared with the fractional enrollment of this state our disparagement. The trick is completed by using as the basis for the calculation the total appropriations for the Oklahoma schools (total amount voted for by Akin, too) when it is well known that the State Board of Education reduced the teaching force of these institutions so as to reduce the annual expenditure almost \$100,000. Whether the calculations in the article are correct we did not take time to ascertain as the basis is wrong and made so with the thought of deceiving the voters of Oklahoma.

Like all school-killers, Phillips and Shaw included, they presume upon the ignorance of the voters in order to prevent the education of the coming citizenship of our own state.—Norman Democrat-Topic.

GRAND LEADER MAKES A LIBERAL OFFER

In view of the suffering that must exist as a result of the cold and scolding of most of the work that has been in progress, L. Rosenfield, proprietor of the Grand Leader offers to do his share of relieving the distress of worthy applicants by distributing a lot of men's clothing to worthy applicants. This clothing is not second hand, but was damaged somewhat by water when his store was partially burned over a year ago. All applications should be made at the News office.

Negroes Burning White Colonists.

Lisbon, via frontier, Jan. 12.—Horrible atrocities have been committed by the tribes in Portuguese Africa during a revolt of the natives there, according to a dispatch received today from Angola by the Seculo. A number of Portuguese officials who were captured by natives were burned alive.

The rebellion occurred in the province of Muxima and the natives captured all the white men who crossed their paths. Some of these were immediately burned at the stake while others had their lips severed and their eyes pulled out of their sockets before they were thrown into the flames.

One British merchant was maimed but later taken to his house where his servants were murdered.

The government has decided to send a punitive expedition.

Ardmore Has New Chief of Police.

Ardmore, Ok., Jan. 12.—At the meeting of the board of city commissioners yesterday afternoon the appointment of Dow Brazier for chief of police was ratified by the board. It was necessary in this case for the mayor to cast the deciding vote, Selvidge and Ikard voting for and Burnitt and Bridgman voting against the appointment.

The question of the construction of the road to the cemetery was referred to Commissioner Burnitt, who is to make an investigation of the matter and report at the next meeting of the board. A few emergency bills were audited and allowed.

The Perpetual Change.

The things of the world are ever rising and falling, and in perpetual change; and this change must be according to the will of God, as he has bestowed upon man neither the wisdom nor the power to enable him to check it. The great lesson in these things is that man must strengthen himself doubly at such times to fulfill his duty, and to do what is right, and must seek his happiness and in ward peace from objects which can not be taken away from him.—Willhelm von Humboldt.

Proved His Right to Papers.

"Did the peanut man get his naturalization papers?" "Yes; he proved to the judge right away that he was a good American at heart." "How did he prove it?" "In answer to a question he told the difference between a double play and a double header."

BASEBALL CLUBS MAY DROP FROM LEAGUE

Austin, Tex., Jan. 12.—If the indebtedness of the baseball clubs of the Texas league is not paid by next Saturday for the season of 1911, President Wilbur P. Allen will address by mail to the others of the league a vote on the question of whether their franchises should be forfeited by his office.

Promises of payment made to the Austin headquarters several days ago have not been fulfilled, Mr. Allen said today, and he has addressed to each club in arrears a registered letter that legal notice may be obtained, setting forth the amount of its indebtedness to the league and requiring payment. Galveston, \$2,426; Oklahoma City, \$691; Dallas \$243. If this demand does not meet with response by Saturday the question of forfeiting the franchises will be presented to the other clubs as indicated.

The league president did not care to discuss the situation to any extent. About a fortnight ago he was advised that the check for Galveston's share was actually on the way to Austin. There had been no reply from the Oklahoma City bank through which he drew on that club after the Dallas meeting and he had been advised that Dallas would pay its account when "shown" the figures. He considered the club was shown when the auditing committee came here a few days later and proved the league's books and those of the president and the secretary. The fact that the Oklahoma City bank had not returned the draft within a week satisfied the officers that this account would be paid. They are still waiting for the money.

Call for Warrants.

There are sufficient funds in the treasury to pay all warrants issued prior to October 1, 1911. Interest ceases thirty days from this notice.

E. S. HARAWAY,
236-3t Treas. Board of Education.

NOTICE TO THE PUBLIC.
For the convenience of the public, the Evening News will hereafter be on sale at the Post-office News stand for the small sum of 2c. The same rate will prevail at the News office. This is less than the actual cost of the paper, and it is impossible to make the price any lower. The publishers would like to give it away, but every paper costs money to print, and if it is worth reading at all, the News is certainly worth the small sum asked for it.

A rumor has been going the rounds today that Settler Lance was frozen to death near Durant Wednesday night. It has not been confirmed, however, and as the weather was not very cold that night until near morning, it is probable that there is nothing in the report.

Jno. D. Rinard is in the coal business to stay and solicits a part of your business. Remember, I guarantee satisfaction. Phone 419. 227-tf

The excessive cold has played the wild with train service today. The Hustler on the Frisco, which should have come through this morning, became tangled up with the blizzard somewhere up in Kansas, and has not come through yet. All other trains on the roads have been late from 30 minutes upward.

Serves You Right, Jones Drug Co. 151-dtf

Brown and Brown, the popular vaudeville artists, will give another of their star performances at the Majestic this evening. Those who failed to see them last evening should not fail to see them this time, for they are strong people in their line, and can do more to drive away the blues than could a box of monkeys.

AGRICULTURAL TRAIN WILL VISIT ADA FEBRUARY 1

The fine poultry and pure seed train sent out by the A. & M. college will visit Ada on the morning of February 1, remaining here from 10:30 until noon. It had been hoped that the train would remain over night, as the first agricultural train did, but according to the schedule, the night of January 31 will be spent at Coalgate, the train proceeding to Stonewall next morning, thence to Ada and to Konawa for the next night.

No one can afford to miss this train, no matter what his occupation is. Considerable attention is being given to poultry raising in town as well as in the country, and the pure seed crusade is just about as important to the interests of the country as the campaign for good roads, for agriculture being the chief reliance of this country, and successful farming depending to a great extent of good seed every line of business is interested in seeing what can be done in this direction.

The train will contain many exhibits both of fine poultry and good seed of various kind, and the following subjects will be discussed by the gentlemen named:

Better Poultry for Oklahoma, by Hon. Geo. H. Hinds, member of State Board of Agriculture, from Westville. Selecting, Feeding and Breeding Poultry, by Prof. H. A. Bittenbender, Instructor in Poultry Management, A. & M. college.

Agricultural Education in Oklahoma by Hon. J. W. L. Corley, member of State Board of Agriculture, from Howe.

Increasing Crop Yields on the Acre, by Seed Selection, Preparation, and Cultivation, by O. O. Churchill, Professor of Animal Husbandry, A. & M. College.

How the College Assists Boys and Girls' Agricultural Clubs, by J. W. Wilkinson, Supervisor of Boys' and Girls' Agricultural Clubs, A. & M. College.

Seed Corn, by Mr. Marie Woodson, State Supt. of Demonstration Farm.

Dairying and Care Dairy Cows, by Prof. R. C. Potts, Dept. State Dairy Husbandry.

Clark in Favor.

A somewhat significant observation for the reason that it comes from the Paola Spirit, one of the strongest democratic papers in Kansas: "It is hard to analyze, or account for, the growing sentiment among democrats for Champ Clark. It's in the air, in the shops, in the kitchens, on the street corners, about the barn lots, in the stores and on the trains. If it keeps a growing Mr. Clark will not only be the choice of Kansans, but he will be nominated for president and elected."

DR. CARROLL CLOSES A SERIES OF SERMONS

On account of the extreme cold weather, it was thought best to close the series of sermons being preached this week at the First Baptist church. Dr. Carroll left this morning for Atoka, but it is expected that he will return in a short time and complete the series.

Oysters served all styles at the Pontotoc Cafe. 161-dtf

Leap Year Romance.

A young lady at Chanute took advantage of leap year the other day and proposed to her fellow. He accepted in order to seal the pact she gave him a ring. The next day her dad hearing about it, threw the young man down and took the ring away from him. Kansas City Journal.

MACON PREPARING FOR REUNION

Macon, Ga., is making great preparations for the coming reunion to be held in May 7, 8 and 9th, 1912. Colonel Walter A. Harris who is Colonel of the Georgia Militia has been selected as General Chairman and is assisted by an able corps of busy, business men, who are uniting in their efforts to make this the greatest reunion ever held in Dixie. The Sons of the Confederacy will take a very prominent part in the coming reunion for with Commandant J. Marion Dunwoody of the Thomas Hardiman Camp No. 18 is doing some great stunts for the Sons in the coming reunion. Mrs. Walter D. Lamar, head of the Georgia U. D. C.'s, as chairman of the Woman's Auxilliary is uniting in her efforts for the entertainment of the daughters, and those who know Mrs. Lamar is a guarantee that Macon will do her share in showing honors to the daughters. The Confederate Reunion of 1912 will be the greatest ever held in any city in the South. Thousands and thousands of Dollars are pouring into the treasury of the General Reunion committee and every citizen of Macon is doing his share to make a success. When the Veterans come this "The Magnetic Center" of Dixie they will be extended a welcome of kind they will remember until they answer the last sound of taps. Macon will be theirs. Do with it what you will, Macon's people will extend right hand of fellowship to the men who battled for Dixie. Everything she possesses will be turned

COMMON SENSE

Common sense is the ability to judge—to know a great thing from a small one. Common sense is more than a word. It is a habit of mind to have than six degrees of state university. The wink of a man will be yours if you are in the Coal line with us. If you get 1500 lbs. of coal and 500 lbs. of slack for \$10.00 you have really 1500 lbs. of coal. The slack is worthless. It would not let you have slack. It is as we need it for our stoves, so be sure and get our coal before you buy.

DREADED MAN-EATING SHARK

Voracious Monster of the Deep Attains Enormous Size and Devours Almost Anything.

San Francisco, Cal.—This shark was caught in the vicinity of the Hawaiian Islands. There are many species of sharks, this being of the "white" variety, known as the "man-eater," and therefore the most dreaded of all monsters of the deep. They attain great size, one having been caught 37 feet in length. The body is covered with a hard skin, and is grayish-brown above and whitish below. These sharks often follow ships for days to feed upon any animal substance that may be thrown or may

Caught in Hawaii.

fall overboard, and often their indiscriminate voracity will swallow things indigestible. A lady's workbox was found in the stomach of one, and the papers of a slave slip in that of another. Human beings are frequently its prey, a fact which makes bathing or diving in tropical seas a dangerous pursuit.

This variety of shark is capable not only of biting off the leg of a man, but of snapping the body in two, and has been known to swallow a man entire. Its head is large, the mouth large and wide; furnished with terrible teeth, which are triangular in form, sometimes two inches in breadth, sharp-edged and serrated. When not in use they are laid back in the mouth, nearly flat, but when used in biting, they are brought up by means of muscles with which each tooth is independently provided.

This shark is often captured by seamen by means of a great hook baited with a piece of meat and attached to a chain, as the shark's teeth readily bite through any rope. When the shark is hooked and hauled on board, great care is necessary to avoid danger both from the mouth and from the wonderfully powerful tail.

MAY YET BE BRITISH QUEEN

Little Daughter of Russia's Czar May Be Wedded to the Prince of Wales.

London.—It is rumored that Princess Tatjana, second daughter of the Czar of Russia, is the destined bride of Edward Albert, the young Prince of Wales. They are second cousins, the maternal grandmother of the princess, Grand Duchess Alice of Hesse, being a sister of the late King Edward.

They are indeed doubly second cousins, for Prince Albert's grandmother, Queen Alexandria, and Prin-

cess Tatjana's grandmother, the Dowager Empress Dagmar of Russia, are sisters of the present King Frederick of Denmark.

The Czar Nicholas of Russia and King George of England, sons of these sisters, have always borne a remarkable resemblance to each other, accentuated by the similarity in the cut of their beards, and by the low stature common to both. The Prince of Wales is 17 years of age, while the princess is only 14.

Toadstools Kill Three.

Chicago.—Mr. and Mrs. Henry L. Letch and their son, Le Roy, were found dead in their home in Irving Park, a suburb. Physicians declare they had died from toadstool poisoning.

Shouting vs. Silence.

A gentleman traveling through the west was anxious to take a certain train to the next town. But as he approached the depot he saw the train slowly pulling out. Not wishing to get left, he let out a yell that almost loosened the rail flanges.

The conductor, who was on a car platform, heard him and pulled the bell rope, stopping the train. As he helped the strong-lunged passenger aboard the train, he said:

"Well you'd never have gotten it if you hadn't hollered."

And it is the same in business as it is in catching trains. "Hollering" is the spark plug that keeps alive public interest in any undertaking. The merchant who advertises, and advertises again, and keeps everlastingly "hollering," is the man for whom the bell rope of attention will be pulled. He is the man who will never have to go behind his own counter to wait on customers. He will have his hands full directing. If an advertisement is constantly "hollering" at the readers of a newspaper, these readers will, sooner or later, sit up and take notice. If the advertisement is truthful as to merit and prices another substantial customer has been gained.

But don't have one set of prices and one quality of goods in the advertisement and a different set of prices and quality of goods in the store.

And again, advertise where you are doing business. Patronize your home paper. Don't chase phantoms in foreign publication. Foreigners won't pay railroad fare to your store.

And all the time keep on "hollering." Mutt Quad.

OKLAHOMA STATE BANK HOLDS ANNUAL MEETING

At the annual meeting of the Stockholders and directors of the Oklahoma State bank, everything was found to be in excellent condition and the business for the past year very satisfactory. The entire board of stockholders and officers were re-elected. None of the other banks have held their meetings any further than to adjourn for a few days.

Some Cynic.

A spring poet, whose specialty is cynicism, dashed off the following: "The man who is brave enough to desire to marry the modern girl needs no further test of his courage."
